

Trivex Technologies LLC is a Huntsville-area technical services company supporting defense and aerospace programs. We deliver hands-on wire harness fabrication, system integration, fiber optic installation, and instrumentation to **IPC Class 3** standards. Structured to stay lean and responsive, Trivex gives prime contractors a certified, agile partner for prototype builds, production support, and surge capacity — without the overhead or delay of a larger organization. Capabilities are backed by direct, hands-on **founder experience** in wire harness fabrication, system integration, fiber optic installation, and instrumentation across defense and aerospace programs.

CORE CAPABILITIES

- ◆ **Wire Harness & Cable Assembly** — build-to-print fabrication to IPC/WHMA-A-620 Class 3
- ◆ **Rework & Repair** — certified rework, repair, and modification of existing assemblies
- ◆ **Fiber Optic Installation & Termination** — assembly, termination, and test (ACCS certified)
- ◆ **System Integration & Assembly** — electromechanical build-up and integration
- ◆ **Instrumentation & Build-Up** — measurement and test instrumentation
- ◆ **Electrical Troubleshooting & Field Support** — on-site diagnostics and technical support
- ◆ **Technical Documentation** — build packages, work instructions, as-built records
- ◆ **Prototype & Low-Rate Builds** — first articles and engineering-support builds

WHY TRIVEX

- ▶ **Agility & speed** — no internal queue, no procurement bottleneck
- ▶ **Surge & overflow capacity** for prime contractors on short turnaround
- ▶ **Direct technician access** — talk to the people doing the work
- ▶ **Small-business subcontracting value** toward prime goals
- ▶ **Class 3 workmanship** — flight-grade quality, first-pass
